# AI Prompt Whisperer

**Hiring organization**
Mirabilis

**Job Location**
Montreal, Quebec, Canada
Remote work from: Canada

**Date posted**
November 16, 2023

## Description

We are seeking a talented and creative AI Prompt Consultant to join our team of AI experts. The ideal candidate should have a degree in linguistics or a related field, and have some experience working with large language models such as ChatGPT or Bard. The candidate should also have a good sense of humor and be able to write prompts that are engaging, entertaining, and informative.

## Responsibilities

- Collaborate with clients to understand their needs and goals, and develop customized AI prompt solutions that meet their requirements.
- Design and implement AI prompt systems that are efficient, scalable, and effective, and ensure that they are optimized for performance and accuracy.
- Write high-quality prompts that are engaging, entertaining, and informative, and that reflect the client's brand voice and tone.
- Test and validate AI prompt systems to ensure that they meet the client's requirements and expectations, and that they are free of errors and bugs.
- Stay up-to-date with the latest developments in AI prompt technology and research, and apply this knowledge to improve our AI prompt solutions and services
- Maintain an up-to-date knowledge of the field.

## Qualifications

- Bachelor's or Master's degree in linguistics, computer science, or a related field.
- At least 2 years of experience working with large language models such as ChatGPT or Bard.
- Strong analytical and problem-solving skills, and the ability to work independently and as part of a team.
- Excellent written and verbal communication skills, and the ability to write prompts that are engaging, entertaining, and informative.
- Good sense of humor and creativity, and the ability to think outside the box and come up with innovative solutions.

If you meet these qualifications and are passionate about AI prompt technology, we would love to hear from you!
